

**University of
Zurich** ^{UZH}

Graduate Studies at the Institute for Theoretical Physics

Dear applicant,

Thank you for your interest in the Zürich Ph.D. programs in theoretical physics. Eligible applicants must have a Master's or Diploma degree or an equivalent at the start of the program, which is within 6 months of acceptance by the admission committee.

Application form. Please complete the form in English (save it as *Familyname-Firstname.doc*) and return it by e-mail to: phd@physik.uzh.ch. Specify in the header it is a PhD application. Additionally, if available include a **scanned** version of your Diploma or Master's certificate and grade transcripts. Also include scanned official GRE and TOEFL documents, if available. Scanned documents should not exceed 4 MB in total (usually 150dpi resolution is sufficient). If you cannot scan your certificates, fax or send copies of them by postal mail to:

Graduate School Studies - Ph.D. Program
Institute for Theoretical Physics
University Zürich
Winterthurerstrasse 190
CH-8057 Zürich, Switzerland
Fax: +41 44 635 5704

Letters of recommendation. In addition to the completed application form, we request letters of recommendation from three scientists who are familiar with your previous academic work and who can judge your potential as a Ph.D. student. **Send the recommendation form to your referees. Note that we will be unable to process your application without the letters of recommendation!**

Please list the names of your referees here:

- 1.)
- 2.)
- 3.)

Assessment and selection procedure. Applications are reviewed by an admission committee composed of faculty members of the primary program chosen by the applicant (astrophysics and cosmology or particle physics). Applicants will be assessed on the basis of their application and letters of recommendation. Short-listed candidates may be invited for an interview in Zürich. We will reimburse your travel expenses and provide free accommodation in Zürich. Selection for admission will be based on the perceived ability and potential of the student. Offers of admission to the Ph.D. program will be made soon after the interview.

We look forward to hearing from you.

APPLICATION FORM FOR PhD STUDIES

Date:

Please indicate which program(s) you are applying to:

Computational Astrophysics Theoretical Astrophysics and Cosmology Particle Physics

<input type="checkbox"/> Mr	Family name	First name
<input type="checkbox"/> Ms		
Street		
Postal code, City		
Country	Email	Phone
Date of birth	Nationality	

EDUCATION

Highest degree (completed or expected; e.g. Master's, Diploma, DEA)

University/College		Dates (from-to)
Degree* (e.g. Master, Diplom, DEA)	Grade [#] (if known) (on a scale of (best) to (worst))	
Date (completed or expected)	Major field of study	Minor field of study
Subject of thesis	Name and address of thesis supervisor (if applicable)	

*If you already have obtained your highest degree, please fax or send a photocopy of the certificate

Previous degree(s) (e.g. Bachelor, Vordiplom, Maîtrise)

University/College		Dates (from-to)
Degree	Grade [#] (on a scale of (best) to (worst))	
Date	Major field of study	Minor field of study
Field of work	Name of project supervisor (if applicable)	

[#]Give final or average grade here, list grades in detail on page 5

EDUCATION AND TRAINING

Please give a brief summary of your education and training at the university and/or college etc. If your education has been interrupted, or if you have already obtained other Diplomas, please specify the occupation(s) you have pursued in the interim. Do not exceed this page.

COURSE WORK

Please list the courses you have taken and the grades obtained. Include all university level or other relevant courses. If you have passed final university examinations, please give details. Please indicate the best and worst grade in the scale used by your university. If you have completed non-graded laboratory courses, please give name(s) of supervisor(s). Do not exceed this page.

RESEARCH EXPERIENCE

Please give the title and a short description of any research project carried out during your studies (diploma thesis, M.Sc. thesis etc). State the rationale and goals of the research, and indicate your own contributions to the results. In all cases, state the number of months of research involved. List publications, if any. Do not exceed this page.

SCIENTIFIC INTERESTS

Please write a short summary of the area of physics that you find most interesting, and why. Do not exceed this page.

HONORS, SCHOLARSHIPS, PRIZES AND AWARDS

Please list any awards relevant to this application, giving dates and a brief description.

OUTSIDE INTERESTS

Please list your outside interests that are not directly related to your studies.
